

# NSPOI

## 2<sup>nd</sup> Annual Conference

Waterfront Resort, Pokhara

18<sup>th</sup> and 19<sup>th</sup> Mar 2016

### **Scientific program**

### **GUEST LECTURES**

1. Strategy and purpose of treatment for periodontitis as an infectious and inflammatory disease , NSPOI Oration  
*Dr.ShogoTakashiba (Japan)*
2. How to optimize Regenerative Outcomes with GBR- Key note lecture  
*Dr.Sungmin Chung (Korea)*
3. Maintenance Programme – An integral component active periodontal treatment  
*Dr.Shaili Pradhan (Nepal)*
4. Perio-ortho interrelationships – “ Systematize, synchronize, synthesize “  
*Dr Praveen Kudva (India)*
5. Fourth dimension in implant dentistry  
*Dr.Rita Singh (Nepal)*
6. A decade of implantology unfolded : A personal experiences and challenges  
*Dr.Neil Pandey (Nepal)*
7. Perio status for Geriatric population  
*Dr.Pradeep Tandon (India)*
8. Imbibing perio for accelerated ortho results  
*Dr. Balaji Manohar (India)*
9. Endodontics and implantology : Complement or competition?  
*Dr.Rhythm (India)*

## **FREE PAPERS**

1. Spontaneous correction of pathologically migrated teeth with periodontal therapy alone :  
A case report  
*Dr.Ajit K.Yadav (Nepal)*
2. The palatogingival groove –An Assassin : “Case series on various modalities of its management”  
*Dr.Anirudh Singh Chauhan (India)*
3. Periogen oral rinse an adjunct to non surgical periodontal therapy  
*Dr.Aritra Mandal (India)*
4. Managing palatoradicular groove : A multidisciplinary approach  
*Dr. Bela Agrawal (Nepal)*
5. Ortho –perio integrated approach in periodontally compromised patients  
*Dr.Bikash Veer Shrestha (Nepal)*
6. Endosseous implant for treatment of grade III mobility  
*Dr.C.S Saimbi (India)*
7. Local delivery of 0.5% Azithromycin gel in the management of chronic periodontitis : A controlled clinical trial  
*Dr. Dhritiman Baidya (India)*
8. Nepalese Esthetic Dental (NED) Proportion  
*Dr. Dinesh Rokaya (Nepal)*
9. Basics of health research  
*Dr Jemish Acharya (Nepal)*
10. Gingival enlargement : An issue of pink tissue  
*Dr. Junima Rajkarnikar (Nepal)*
11. Transradicular implant placement : An alternative approach to treat ankylosed roots  
*Dr. Khushboo Goel (Nepal)*
12. Root coverage using epithelized and lateral pedicle graft  
*Dr. Mahima Subba (Nepal)*
13. Periodontol Splinting : Boon to Periodontally Compromised Dentition  
*Dr. Navaraj Lamdari (Nepal)*

14. A prospective clinical and radiographic study of dental implants  
*Dr. Rohini Gaba (India)*
15. Midfacial Lesion : A case report  
*Dr. Ritesh Srii (India)*
16. Implant placement in posterior maxilla : Transalveolar technique  
*Dr. Samriddhi Vaidya (Nepal)*
17. Amniotic Membrane – A novel material for periodontal tissue regeneration  
*Dr. Sanjay Gupta (Nepal)*
18. A solitary neurofibroma of hard palate –A rare case report  
*Dr. Shantanu Dixit (Nepal)*
19. Periodontal disease and pregnancy outcome –assessment amongst the gynaecologists in Udaipur City  
*Dr. Shibam Chatterjee (India)*
20. Ortho-perio interdisciplinary approach in periodontally compromised patients  
*Dr. Umesh Parajuli (Nepal)*
21. Fluctuations in lipid profile of chronic periodontitis patients with type 2 diabetes after non-surgical periodontal therapy : A case series  
*Dr. Vivek Kumar Bains (India)*
22. Expediting the irksome: the cortical approach”  
*Dr. Poojan Acharya (Nepal)*
23. Making it happen: A case report  
*Dr. Vikash Agrahari (Nepal)*

## **POSTERS**

1. Treatment of gingival recession using coronally advanced flap – A case report  
*Dr. Ajit K. Yadav (Nepal)*
2. Atypical presentation of neuroma: A case report  
*Dr. Bela Agrawal (Nepal)*
3. Calcifying odontogenic cyst: A case report  
*Dr. Dhritiman Baidya (India)*
4. Cemento-ossifying fibroma of the mandible: A case report  
*Dr. Harish Shah (Nepal)*
